

# FIRST DEFENSE®

## MK-3

### AEROSOL PROJECTOR

with Barrier Separation Technology

The OC manufactured for First Defense® is water-soluble, all-food grade and thoroughly tested for effectiveness and safety. Defense Technology's research has determined that our 0.2% capsaicinoid level is the optimum amount of capsaicinoids to be consistently effective, but not so excessive that decontamination time or simplicity is compromised. First Defense 360°™ combines traditional product with the latest breakthrough in aerosol performance. Utilizing compressed air with barrier separation from the liquid formulation, First Defense 360°™ is capable of delivering a stream pattern at any angle and any orientation.

Material	Aluminum Seamless Construction Part 178.33 Specification 2Q	
Height	4.35 in	11.0 cm
Diameter	1.5 in	3.8 cm
Warranty	5 years from date of manufacture	

**SAFETY:** A protective, spring-loaded black plastic safety cover is attached to the upper portion of the outer casing above the actuator. The Flip Top actuator assists in directional holding, aiming, and discharging of the device during all light conditions. The cover prevents accidental discharge of the unit and conveniently moves out of the way with the approach of the thumb or finger to permit easy access to the actuator. No separate lifting motion is required to activate the device.

**LABELING:** Wear and water-resistant labels, individually serialized to permit easy identification, are affixed to all units. Lot numbers for formulation are present for quality assurance tracking.

**SPECIFICATIONS:**

- Delivery System - Stream
- Propellant - Compressed Air
- Formulation Weight - 1.5 oz / 36.8 grams
- Number of Bursts - 6 to 8
- Effective Range - 10 to 12 feet / 3 to 4 meters

*Note: Additional technical and health risk information is available from Defense Technology.*

**WARNING:** This product is to be used only by authorized and trained Law Enforcement, Correction, or Military Personnel. This product may cause serious injury or death to you or others. This product may cause serious damage to property. Handle, store and use with extreme care and caution. Use only as instructed.

**PART # 5439**

UN NUMBER: 1950  
 SHIPPING NAME: AEROSOLS NON-FLAMMABLE  
 HAZ-COM CLASS: 2.2  
 EXPLOSIVE CONTENT: N/A
